Christ the risen Saviour, the name above all names

Has rescued us from darkness and humbly bore our shame

Give refuge to the orphan and lift the widow's head

We'll live the great commission, to seek and love the lost

And bring the brokenhearted to the shelter of the cross

Chorus

We will sing of Jesus our redeemer

Bb F C

By His wounds forever we are healed

D C F Bb F

Bb C F

In its shadow we find victory

Soon the day will greet us when He will come to reign
To gather up his children, and take us home to reign
Where there will be no sorrow and every fear is gone
For we will live forever in the triumph of the cross
